

Step by Step Guide for securing a ROTR Boarding Group at WDW

Practicing

- Practicing from home can help with your quickness. You can do this at the 7am or 1pm drops. (see steps 1-5 below)
 - If you get this message: *“Not So Fast!” “No Park Reservation Found” or “Is Everyone in the Park?”*, it was successful.

Preparing

- Your entire party should be connected to your “My Family & Friends List” on My Disney Experience.
 - *Other members of your party can try for a BG (may use Wi-Fi) in the same account or a linked MDE account.*
- All tickets should be linked to your account, and park passes reserved for Hollywood Studios.
- Plan to do an internet speed test on your phone ahead of time to help determine the best location to attempt a BG.
 - *Turning off your phone’s Wi-Fi and using cellular data may be a benefit if WDW Wi-Fi is not ideal.*
- Before 7am outside the park or 1pm inside the park, log out and sign back into the My Disney Experience app.
- When watching the time during countdown, a separate person help on their phone time or the world clock.
- **Tip:** Focus only on quickly tapping the join buttons, do not pause to see if everyone in your party is selected.
 - *If some members of your party are not automatically selected, a CM will resolve and add them later.*

Attempting

- ① Shortly before 7am or 1pm from the home page, scroll down to the Star Wars RotR Request Access with VQ card.
- ② Count down the seconds to the queue time. (*align the ‘join’ button near the center of your screen*)
- ③ At 6:59:59 or 12:59:59 tap the ‘Join’ button or anywhere on the card.
- ④ When the next page loads, quickly tap the blue ‘Join’ button. (*this is the ‘VQ Attractions’ page*)
- ⑤ When the next page loads, quickly tap the large blue ‘Join’ button near the bottom. (*this is the ‘Create Your Party’ page*)
- ⑥ The Boarding Group confirmation page will now display your group number.

**If there was some type of error on Disney’s part, take a screen capture/ screenshot to show to a Cast Member.*

* After securing your BG, if any party members were not selected, see a CM and they will manually add them on.
